Duovisio iPVR-9200C

TWIN TUNER PERSONAL VIDEO RECORDER

Equipped with latest technology and design, the Duovisio is a PVR ideal for digital terrestrial broadcast reception and offers up to 100 Hours of recoding with its integrated 160GB hard disk drive.
In addition to receiving Free channels the Duovisio can also receive pay TV channels with the use of Irdeto smart card. With simple installation and operation, the Duovisio offers a user-friendly three-dimensional OSD, the highest quality digital audio output and advanced vidio clarity for TV and VCR are all designed to enrich the viewer experience.
With its highly sensitive tuner for better reception the Duovisio boasts a 7days Electronic Programme Guide (EPG), for even better programme information on all channels. The Duovisio also enables subtitles, digital teletext, and interactive features.
As a PVR, Duovisio utilizes its preloaded software functions with a built-in 160GB hard disk drive. This allows for assorted trick play, diverse formats of recording and recording services playback, all through the time shift recording function.
As a twin tuner PVR, you can record one channel while watching another. Furthermore, you can record 2 channels simultaneously while playing back a previous recording from the HDD.
With USB 2.0, Duovisio allows MPEG A/V file transfer between Duovisio and a PC. Duovisio allows viewer to enjoy digital photos on a large TV screen or to listen to MP3 files downloaded from a PC.
